Compliance

The Society believes that all Show Council Members and Officers have a duty to promote the importance of Data Protection. The Officers are the designated Data Protection Officers for the purpose of compliance with the Act.

Data Storage - Paper

The Society has risk assessed the data it is likely to store on persons that provide it with information. It regards the nature of information held as **limited** and the harm that can be caused by the imparting of this information as **low**. The Society will however take all reasonable steps to ensure Data Protection.

This information is typically limited to specific areas of the show that are of interest to the individual who supplied the information.

For Illustration -This means that if an Exhibitor enters the 'Horse' section of the show. The Section Secretary may in the future contact the past exhibitor with details of any future show. The Society considers its core business as the holding of it's annual agricultural show. It will not send out in any continued significant mail shot, e-mail marketing (of Spam proportions). The Society will not make a nuisance of itself or bombard individuals with information relating to future events.

Where information is stored by paper means it will not leave this information unsecured. This means that any person who does not **need** to see this information will have sight of it. The Society will ensure papers are locked or secured in a drawer, filing cabinet or room – or in such a way as to prevent unauthorised review.

Information stored by paper means will be destroyed securely by shredding when no longer required.

The Society regards that financial information held is very restricted. Where transactions are paid by online means it will rely on any process required by the relevant bank. It will not retain copies. In where a direct debit mandate is completed. We will ask you to submit the mandate to your bank directly.

Data Storage – Electronic

The Society will ensure that strong passwords are used wherever Show Council Members or Officers need to send or receive information.

Websites and E-mail Exchange Servers are to be encrypted/protected by Firewall in accordance with any recommendation from our IT Consultants.
